SUBJECT: Comparative Evaluations

Believe comparative evaluation procedure now satisfactorily settled, thanks to your remarks to Douglas. However, we do not need a CEG meeting to lay on the study, only after the study is completed.

See ltr attached.
Hence, I suggest we start the ball rolling by sending attached note to Twining designating Dr. Scoville. Pat Coyne will write you shortly asking for your nomination, but this will take care of it. Pat wants a presentation to the CEG by 12 October, which is all right by Pete Scoville.
